

PAUL'S PHOTO and the Greater Los Angeles Zoo Association present the

# Nineteenth Annual Los Angeles Zoo Photo Day

Sunday, November 2, 2008

7:30 AM to 4 PM

**\$100.00 Photographer.** \$125 after October 17, 2008

**\$40.00 Guests.** \$50 after October 17, 2008

Presented jointly by **Paul's Photo** and the **Greater Los Angeles Zoo Association**, the LA Zoo Photo Day is a fantastic photo opportunity for film and digital photographers of all levels of expertise. Paul's staff of experts and representatives from the greatest brands in photography will be on hand to assist you for a full day of photography and education.

The Los Angeles Zoo offers photographers the opportunity to capture "natural looking" wildlife photos right here in the city. The Los Angeles Zoo Photo Day provides photographers the tools required to create fantastic photos. Hands-on workshops and staffed stations are ideal for the novice photographer who desires to learn the basics of wildlife and nature photography. The LA Zoo Photo Day offers an opportunity for the accomplished shutterbug to explore new horizons while focusing on the art and science of outdoor photography.

Photographers may participate in informative workshops to improve your wildlife photography techniques. Dynamic presentations will inspire you to create and capture stunning images at the LA Zoo. Morning sessions include the popular Basic, Wildlife Close-Up, Reptile or Telephoto stations. Stations offer you the opportunities to photograph animals under ideal situations and become a successful photographer. Afternoon sessions include our keynote address, photo walks and one-on-one time with manufacturer's representatives. Photographers may take advantage of the limited loan equipment from major manufacturers. Participants may enter their best images in the LA Zoo Photo Day contest and win fantastic prizes.

Photographers enjoy use of the photo day stations and equipment, continental breakfast, catered lunch, T-shirt and a full day of photography. Guests receive continental breakfast, catered lunch and early admission to the zoo only.

**Reserve your place for Photo Day 2008, today!**
